

Best Practice -1

Title of the practice: Holistic development of the students

Objectives :

- To improve practical knowledge and technical skills
- To understand various aspects pharma manufacturing, packaging, quality control, regulatory guidelines by arranging industrial visits.
- To induce research acumen at undergraduate level by conducting innovative practicals.
- To inculcate soft skills in students.
- To involve students in community health service and social services.
- **Expected outcome:**
- It will improve the performance of student along with over all development in his behavior, skill, attitude, health of student.
- It will increase the access of students to the industry and research.

Practice-

Practical skills and technical competence

B. Pharm students have freedom to operate all the equipments like HPLC, ART-IR, Motic microscope, probe sonicator, bath sonicator, Brookfield viscometer, microwave oven, dissolution apparatus, UV spectrophotometer, rotary tablet press, all purpose equipment, multimill, colloidal mill, disintegration test apparatus, friability test apparatus, capsule filling machine etc

Industrial visits

Undergraduate and postgraduate students based on their curricular subjects visit reputed industries like Glenmark, Blue Cross, Naprod life sciences, Cipla, Blossom, Maxheal, Neutralytica, Hexagon, Shrikrishna Labs Pvt Ltd.

Graduate and post graduate research

Many students have completed mini research at graduation level such as- To formulate & evaluate herbal handwash, Chocklate as a formulation for herbal nervine tonic, Formulation & evaluation of herbal hair oil, Developement of microencapsules for mosquito repeller. Post graduate students are encouraged to do their research projects in industry .

Organization of workshops at the institute-

Students are offered various workshops on subjects like Dissolution & Bioequivalence, Recent Trends in Clinical Trials & Quality by Design which are practiced regularly by the industry.

Soft skill training

Institute has imparted training program to all the graduate and post graduate students by inviting professional soft skill trainers by Rishicool & single point HR solutions Pvt. Ltd.

Social activities

We organized social activities like blood donation camp, tree plantation, health check up camps etc. Women's day is celebrated to recognize the accomplishments and contributions of women towards society.

Co-curricular and Extra-curricular development

Our students have participated in various competitions and received distinctive awards.

Our students participated in intercollegiate competitions like football, basketball, dance, drama and in individual events like cricket & gymnastics at college, university, state & national level competitions.

Health awareness

We have provided gym facility at hostel for boys as well as girls. The college has its own cricket, football and volleyball grounds. Table tennis, carom and wrestling facilities are also provided. A session highlighting importance of yoga, skin & hair check up, free eye & dental check up camp, pharma awareness & health check up camp was also organized. Our students also attended free pediatric neurology camp at Rusi Irani Centre.

Evidence of successes:

- Students get excelled in technical skills and competence.
- Many of our undergraduate students have taken up post-graduation to pursue the research further.
- Industrial visit helps the students clearly understand the concepts that they learn in theory.
- Students fetched placements in various elite companies.

- Participation in extracurricular activities found to be increased which instill enthusiasm, confidence & sportsman spirit into the students.
- Established positive attitude, communication skills, soft skill & links with others.
- Developed students as socially responsible & health conscious professionals.

Resources required:

- Finance is the major resource required which the institute sometimes cannot afford.

Best practice- 2

Title of the practice: ERP system

Weblink: http://sandiperp.org/ERP_Home.aspx

http://sandiperp.org/ERP_Pharmacy.aspx

Objectives of the Practice:

- Paperless work and documentation
- To facilitate students and staff with quick access and response
- Transparency in all types of processes like feedback, attendance etc.
- To secure data storage, ease of retrieval and report generation
- Resource optimization and curtailing human error

Intended Outcome:

- Enhanced satisfaction level among students, parents and staff
- Paperless office and environment consciousness
- Quick updates on administrative and academic happenings
- Report generation and analysis
- More productive time for academic and research activities

- Many enterprise resource packages are developed in house and successfully utilized for managing student's affairs, HR affairs, teaching-learning, feedback evaluation etc.

Underlying principles and concepts of this practice:

- Desensitization of power and autonomy to individuals
- Technology driven campus to match with today's trend
- Ease of information storage and retrieval

The Practice:

The enterprise resource packages are loaded with following features which facilitate students, parents, office staff, faculties to perform their duties effectively.

- Admission process
- Fees (Digital payments) Certificates process
- Fee structure
- Database maintenance of staff and students
- Online leave availing facility & process
- Salary processing (Online calculation)
- Digital allowances / applications
- Maintenance (Online call log can be made)
- Digital data of students (documents)
- Feedback system
- Student attendance management system
- Question bank and notes uploading system

Evidence of successes:

Introduction of full proof ERP system has completely changed the functioning and academic culture on institute campus. Students and staff find it very convenient to manage data, preparing reports, analyzing data and information pertaining to their needs. Few evidences of success are:

- Improvement in attendance of students. (If any student is absent for lecture or practical, SMS regarding his absentee is sent to his/her parent)
- Improvement in feedback of staff
- Data storage, retrieval, data analysis and report generation becomes very easy through ERP as a one stop solution for all faculty members.
- Errors, making rectification, sending call log for maintenance becomes very easy through online modules.
- Usage of paper for printing circulars has reduced considerably through the use of ERP system as most of the information, circulars shared online.
- Admission
- Fees (Digital payments)

Problems Encountered

1. Accommodating ERP in the initial stages
2. To know all modules of ERP, more training is required.

Resources required

1. Hands-on training was given to all.

Best practice 1. Holistic development of students

Best practice 2: ERP System

Introduction of full proof ERP system has completely changed the functioning and academic culture on institute campus. Students and staff find it very convenient to manage data, preparing reports, analyzing data and information pertaining to their needs.

The screenshot displays the Sandip Foundation website. At the top left is the Sandip Foundation logo with the motto "असतो मा सद्गमय । एकतो मा सद्गमयिष्ये ॥" and the text "SANDIP FOUNDATION NASHIK, Faculty & Facility...Simply World Class!". On the top right, there is a contact form icon and the text "Send your Query or Suggestion webmaster@sandipfoundation.org Welcome to ERP System,". The main banner features a large image of the Sandip Foundation campus with the text "Welcome to Sandip Foundation". Below the banner are four orange boxes representing different departments: Engineering (Two Degree Engineering Institutes), MBA (Additional course started under Engineering), Pharmacy (Established in Jul 2011), and Polytechnic (Two Polytechnics). A "Staff Login" button is visible on the left. A paragraph of text describes the Sandip ERP's vision for the 21st Century Campus. Below this is a "Talent Hunt Link" and a "Digital Library" section with five icons: Telephone Inquiry, Online Exam Portal, Purchase Management System, Generator, and Project Work. The footer contains "Contact us" and "Copyright @ 2014".

Welcome to ERP System,

Welcome to Sandip Foundation

Engineering
Two Degree Engineering Institutes. One, "SITRC" established in 2008 and another "SIEM" in 2010. Marked multi dimensional progress on Higher Education Horizon.

MBA
Additional course started under Engineering (SITRC) from Academic Year 2010. Made its mark in MBA programs in Nashik.

Pharmacy
Established in Jul 2011, started expanding with tremendous pace. From very 2nd year of inception started PG course i.e.MPharm and increased the UG intake from 120

Polytechnic
Two Polytechnics. One established in the year 2009 and another in 2011. Created the niche for itself by making the History of 100% result.

Staff Login

Sandip ERP's vision for the 21st Century Campus is a dynamic, tech-enabled institution that is not bound by time and place, and operates smoothly in both a local and global context. This new institution is constantly measuring and communicating its progress, and continually renewing its commitment to students and the community. Technology has fundamentally changed the way we live and work. Now we need to apply technology's powerful tools to change the way our students, of every age, learn. Colleges have continued to make remarkable progress acquiring hardware, establishing connectivity and ensuring that lecturers receive technology training. Sandip ERP Software strongly believes that the key to creating the best possible educational environments in the 21st century is the seamless integration of technology, connectivity, content and people throughout the curriculum. Sandip ERP aims to provide the campus administration with all the tools to achieve this vision, in partnership with Tanya InfoTech.

Transportation

Established in July-2011 as a Sandip Institute of Pharmaceutical Sciences. The College has excellent infrastructure and faculty strength. College has started expanding with tremendous pace. From very 2nd year of inception started PG Course M.Pharm. This is one of the best College for Pharmaceutical education and research for U.G. (B.Pharm) and P.G. (M.Pharm). The invaluable directions as mentioned in Charak Samhita (Book by the father of Medicine Charak) continue to guide us to this day as follow them in thought and deed. To generate the workforce for the future, we have not only provided the conditions conducive to learning, but also ensured that our pupils are intellectually and technically equipped to meet the challenges that future innovations in Pharmaceutical Sciences is likely to impose. That knowledge is imbibed and not taught rhetorically.
