**Venue:** - First year classroom

**Event Organized By:** -Ms. M. R. Badwar, Ms. S. R. Chaudhari

#### **Details:-**

Education is a human right, a public good and a public responsibility. The United Nations General Assembly proclaimed 24 January as International Day of Education, in celebration of the role of education for peace and development. Without inclusive and equitable quality education and lifelong opportunities for all, countries will not succeed in achieving gender equality and breaking the cycle of poverty that is leaving millions of children, youth and adults behind. Today, 244 million children and youth are out of school, and 771 million adults are illiterate. Their right to education is being violated and it is unacceptable. It's time to transform education. Education must be prioritized to accelerate progress towards all the Sustainable Development Goals against the backdrop of a global recession, growing inequalities and the climate crisis.

The National Girl Child Day was initiated in 2008 by the Ministry of Women and Child Development and the government of India, to spread public awareness about inequities that girls face in Indian society. The day is celebrated with organized programs including awareness campaigns about Save the Girl Child, child sex ratios, and the creation of a healthy and safe environment for girls.

On 24<sup>th</sup> January, 2023 Tuesday, Sandip Institute of Pharmaceutical Sciences, Nashik celebrated International Education Day and National Girl Child Day. The theme of programme was “to invest in people, prioritize education”. The program began with a lamp-lighting ceremony. Principal Dr. L. B. Borse sir addressed to staff and student's about importance of education and about importance of national girl child day. He told role of education for peace and development. National Girl Child Day was celebrated with a view to promote awareness about the rights of the girl child to bridge the gender divide and to lay emphasis on the importance of girl's education, health and nutrition. Some students also express their views about International Education Day and National Girl Child Day .

The programme concluded by giving vote of thanks to respected Principal, all students and staff members.
