Details:
Every year National Library Day is celebrated in India on 12th of August Every year in memory of Birthday of Mr. S.R. Ranganathan, the man who gave a lot in Library and Information Science field. Dr. S R Ranganathan, who is known as the Father of Library Science in India, birthday is observed every year as National Librarian Day in India.On 12th August 2023 Saturday, Sandip Institute of Pharmaceutical Sciences, Nashik celebrated "National Librarian's Day". The program began with a lamp-lighting ceremony. Principal Dr. L.B. Borse sir addressed to staff and student's about importance of books. Books contain all the information we need to learn and remember. There are many different types of books, such as textbooks, story books and reference encyclopedias. It is vital to cultivate the habit of reading books, especially in kids.

Reading books improves concentration and reading skills.Books are crucial in every student's life because they introduce children to a world of imagination, provide information of the outside world, improve their reading, writing, and speaking abilities, and improve memory and intellect.

Students benefit much from books, and they learn a great deal from them. Importance of Books in Our Life Books are our best friends. Books illuminate your imagination.Books help you form your unique perspective of the world around you. Books build confidence.Books help you grow mentally and emotionally. Books enhance your vocabulary.Books help you learn new languages.
So,that the student understands the importance of books have the power to improve your vocabulary by introducing you to new words.
