A REPORT ON WORLD AIDS DAY

Venue: Seminar Hall SIPS

Established on December 1st of each year since 1988, World AIDS Day is a global event aimed at bringing attention to the AIDS pandemic brought on by the transmission of HIV infections and honouring the memory of those who have lost their lives to the illness. The human immunodeficiency virus is the cause of the potentially fatal acquired immunodeficiency syndrome (AIDS) (HIV). The HIV virus compromises the patient's resistance to other illnesses by attacking their immune system.

Principal Dr. Laxmikant Borse, NSS Officer Hemant Chikhale, SWO Dr. Kamlesh Dandagvhal, and IQAC Director Dr. Marina Dsouza presided over the Program.

The program, which is expertly run by NSS volunteers and students, emphasizes the facts about AIDS and the preventive steps that should be done.

The program ended with Vote of thanks.
