INDUSTRIAL VISIT 2023-24

Event Name : Industrial Visit 2023-24

Organized By: Sandip Institute of Pharmaceutical Sciences, Nasik

Time: 3.30 pm to 5pm

Event Coordinator- Prof. Amit R. Gaikwad

Prof. Sujata Dudhe

Prof. Mayuri Patil

Prof. Shankar Yelmame

Sandip Foundation's, Sandip Institute of Pharmaceutical Sciences, Nasik organized a Industrial Visit on Dated 11th January 2024, for a total of 78 students, comprising 45 final year B.Pharmacy and 33 second year D.Pharm students, immersed themselves in the world of Glenmark Pharmaceuticals, Nalagarh, Himachal Pradesh. This educational excursion aimed to provide students with firsthand insights into the pharmaceutical manufacturing processes and operations.

Company Overview:

Glenmark Pharmaceuticals, a renowned player in the pharmaceutical industry, welcomed the students with an overview of its history, mission, and contributions to healthcare. The visit commenced with a presentation that outlined the company's commitment to innovation, quality, and global health.

Manufacturing Facility:

The highlight of the visit was an in-depth tour of the manufacturing facility. Students had the opportunity to witness state-of-the-art machinery and processes involved in the production of pharmaceuticals. The guided tour provided valuable insights into Good Manufacturing Practices (GMP) and quality control measures implemented by Glenmark Pharmaceuticals. Students were given detailed information about the working production process and packaging section of syrup, cream, ointment and the importance of it. They were acquainted with various safety procedures like gowning and dressing, before entering the production or packaging area.

Interactive Sessions:

Throughout the visit, students engaged in interactive sessions with industry experts HR representative Mr. Siddhartha Sharma and professionals. These sessions allowed for discussions on various aspects of pharmaceutical manufacturing, regulatory compliance, and the challenges faced by the industry. Students had the chance to ask questions, gaining practical knowledge beyond the classroom.

Learning and Experiences:

The industrial visit to Glenmark Pharmaceuticals proved to be an enriching experience for the students. It bridged the gap between theoretical knowledge and real-world application, deepening their understanding of pharmaceutical production processes. Exposure to industry best practices and technologies broadened their perspectives on the pharmaceutical sector.
