Community Outreach Programme

On February 5, 2024, Sandip Institute of Pharmaceutical Sciences took a compassionate step towards community service by arranging food and water for worshipers undertaking a pilgrimage on foot to TrimbakeshwarMandir.

Understanding the significance of the spiritual journey to TrimbakeshwarMandir and the challenges faced by those walking to seek blessings, the college organized this community outreach initiative to provide sustenance and refreshment to the devotees.

A dedicated team from the college set up a refreshment station along the route to TrimbakeshwarMandir. The station offered packed meals, water, and other essentials to worshipers making the pilgrimage. The thoughtful arrangement aimed to alleviate the physical strain of the journey and ensure the well-being of the devotees.

In a touching display of leadership and empathy, Principals personally served nourishment to the worshipers. His direct involvement not only symbolized the college's commitment to the initiative but also underscored the importance of hands-on leadership in community service.

The gesture was met with gratitude and appreciation from the worshipers, many of whom expressed heartfelt thanks for the timely nourishment during their spiritual journey. The initiative not only provided physical sustenance but also reflected the college's commitment to community welfare and social responsibility.
