Outcomes of the event	<ul style="list-style-type: none"> Enhanced Awareness: Attendees will gain a clearer understanding of the role and potential of information technology in the field of pharmacy. Career Insights: Students and professionals will have a broader knowledge of career paths at the intersection of pharmacy and IT, such as health informatics and digital drug development. Skill Development Focus: Participants will identify key IT skills (data analytics, health information systems) needed for success in modern pharmaceutical fields.

Report

On September 23, 2024, the Department of Pharmacy at Sandip Institute of Pharmaceutical Sciences, Nashik, organized a guest lecture on the *Scope of Pharmacy in Information Technology* for D. Pharmacy students. The event aimed to shed light on the intersection of pharmacy and information technology, emphasizing the growing career opportunities in this field.

The session began with a warm welcome by Dr. L. B. Borse, Principal of Sandip Institute of Pharmaceutical Sciences, who introduced the importance of the topic and encouraged students to make the most of the opportunity to learn from an industry expert.

Mr. Amit Gaikwad formally introduced the guest speaker, Mr. Siddhesh Deokar, a Junior Associate at IKS Healthcare Pvt. Ltd., Mumbai. Mr. Deokar has a strong background in health informatics and pharmacy, making him well-equipped to discuss the merging of these fields.

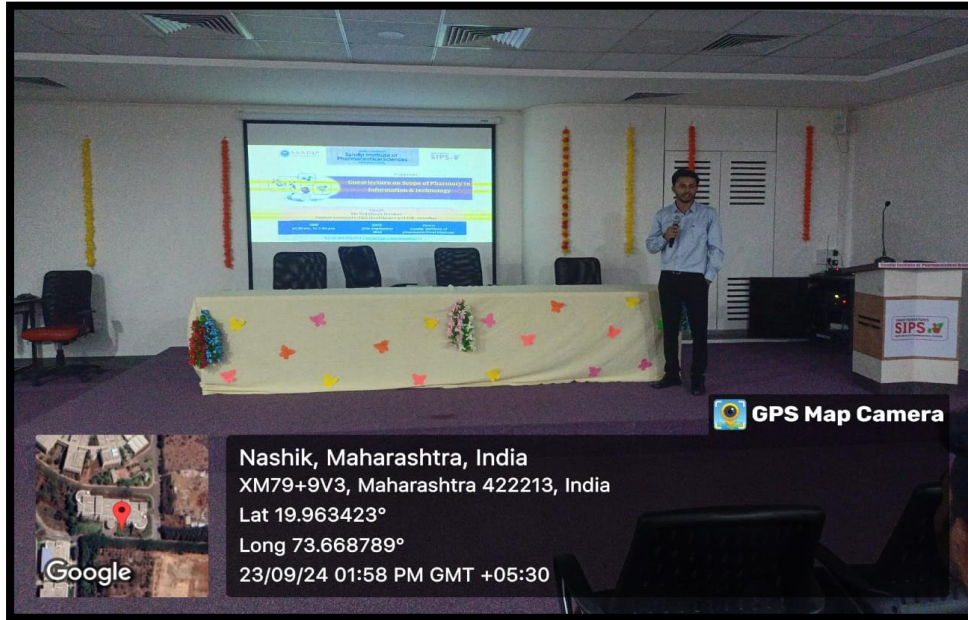

During his one-hour talk, Mr. Siddhesh Deokar interacted extensively with the students and covered the following key areas Overview of Pharmacy Informatics, Role of IT in Pharmacy, Career Opportunities.

The students were highly engaged throughout the session, asking numerous questions related to the scope of pharmacy in information technology. The interactive nature of the session helped clarify doubts and sparked enthusiasm among the students about the future of pharmacy in the digital age. The keen interest shown by the students indicated the success of the program in raising awareness about new career opportunities. Approximately 38 D. Pharmacy students benefited from the guest lecture, gaining knowledge about the integration of IT in pharmacy

The lecture concluded with a vote of thanks by Ms. Sakshi Chaudhari, expressing gratitude to Mr. Deokar for sharing his valuable insights and time. She also thanked the faculty members and students for their participation.
