Event/Activity Report

The Investor Awareness Programme conducted on 2nd September 2024 aimed to bridge the knowledge gap between theoretical pharmaceutical education and practical financial management. Targeted specifically at B. Pharm students, the programme sought to equip them with essential skills and knowledge related to investment opportunities and financial planning. With a focus on enhancing their financial literacy, the session provided insights into various investment options, including stocks, bonds, mutual funds, and other financial instruments. This initiative was designed to help students understand how they can manage their finances effectively and make informed investment decisions, which is crucial for securing their financial future.

Dr. Ravi Ahuja, Assistant Professor at the Skills Development Centre, SPPU, was the key resource person for the event. His expertise in financial planning and investment strategies offered a comprehensive overview of the subject matter. The online format of the programme, facilitated via Google Meet, allowed for interactive discussions and real-time engagement.

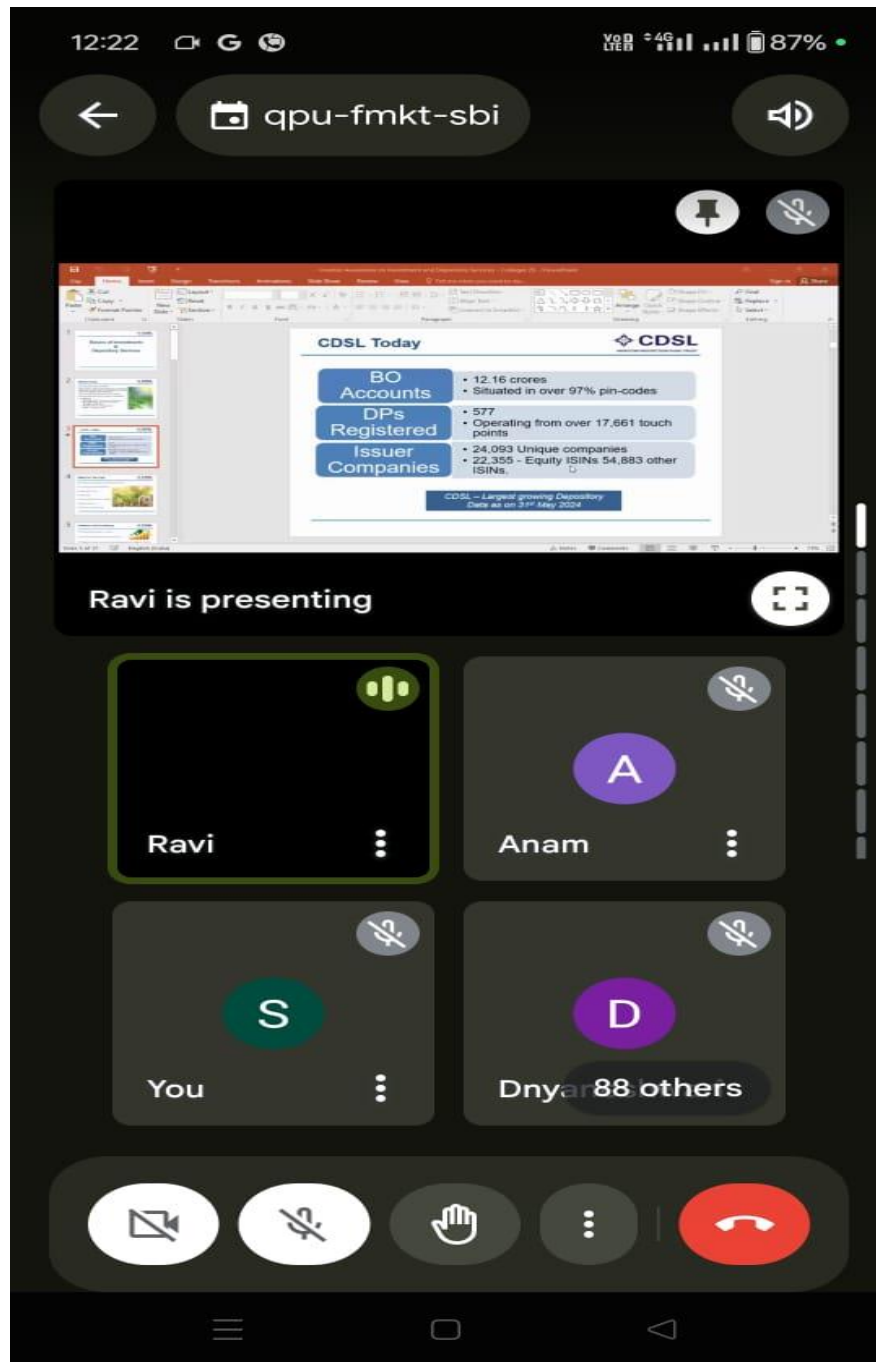

Under the coordination of Mr. Shankar S. Yelmame from Sandip Institute of Pharmaceutical Sciences, Nashik, the session was conducted seamlessly, ensuring that students could benefit from the knowledge shared and apply it to their personal and professional lives. The programme successfully increased participants' awareness and understanding of financial management, highlighting its importance in their future careers.
