Event/Activity Report

Sandip Institute of Pharmaceutical Sciences, Nashik, celebrated World Pharmacist Day on 25th September 2024, under the theme “Pharmacists: Meeting Global Health Needs.” The event aimed to highlight the essential contributions of pharmacists to public health and the community. The event was coordinated by Prof. Shankar S. Yelmame, attracting 360 participants, including students, faculty members, and community members. The day began with a health awareness rally at Jategaon, focusing on crucial topics such as awareness on generic medicines, the role of clinical pharmacists and patient counseling, rising above addiction, and current good manufacturing practices.

The rally aimed to engage the community and spread knowledge about the benefits of generic medications and the importance of safe medication practices. Participants actively distributed pamphlets and engaged with local residents to raise awareness about these critical health topics. Principal of the Institute, Prof. (Dr.) Laxmikant B. Borse, stated that pharmacists are essential healthcare professionals who ensure safe medication use, educate patients, and promote public

health, thereby playing a vital role in enhancing overall community well-being. Following the rally, a guest lecture was delivered by Dr. Pradip Jaybhaye, who discussed the vital role of pharmacists in ensuring effective patient care and counseling. His insights on addiction management and the importance of adherence to current good manufacturing practices provided valuable knowledge to all attendees.

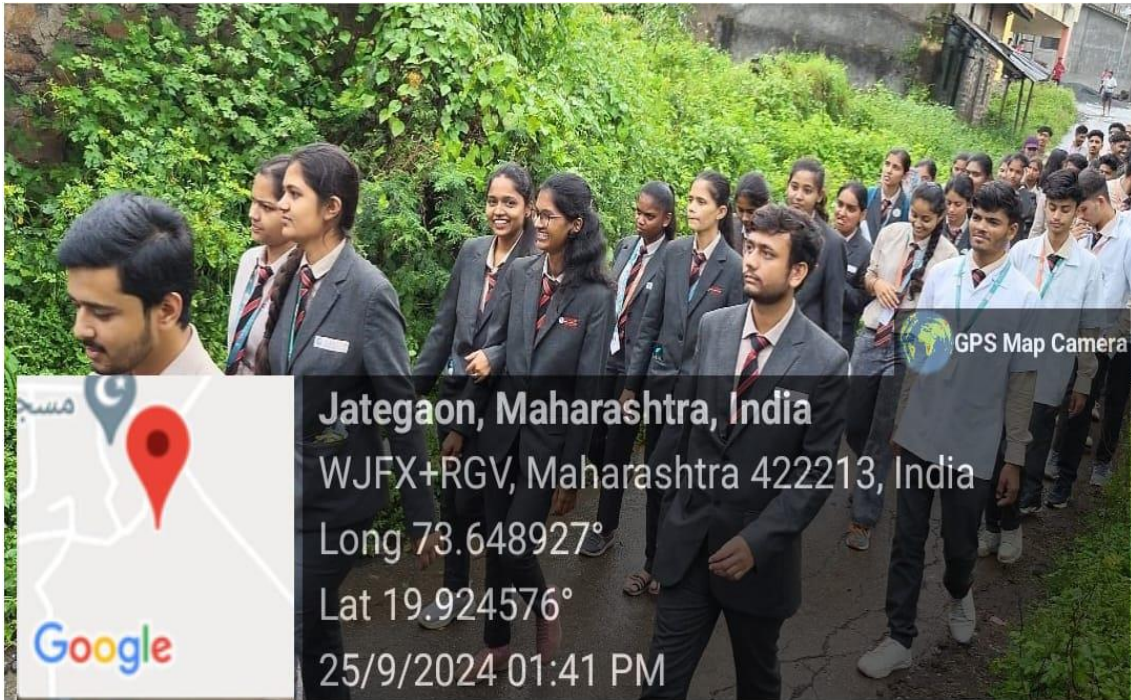

The event concluded with a Q&A session, allowing participants to engage directly with the expert and clarify any doubts regarding pharmacy practice. Prof. Yelname expressed his gratitude to all attendees and emphasized, "This World Pharmacist Day serves as a powerful reminder of the impact pharmacists have on global health."
