

**Faculty Name: Dr. Pritam Nagesh Dube****Designation:** Associate Professor**Department:** Pharmaceutical Chemistry**Qualifications:** M. Pharm., Ph. D.**E-mail ID:** [pritam.dube@sandippharmacy.org](mailto:pritam.dube@sandippharmacy.org)**Contact No:** +919503981237**ORCID ID:** 0009-0002-1976-2593**BIO:**

Dr. Pritam N. Dube is an accomplished pharmaceutical chemist currently serving as an Associate Professor at Sandip Foundation's Sandip Institute of Pharmaceutical Sciences, Nashik. With a rich academic and professional experience spanning 13 years, Dr. Dube has made significant contributions to the field of pharmaceutical research and education. Dr. Dube completed his Ph.D. in Pharmaceutical Chemistry from Savitribai Phule Pune University, Pune, in 2020. Prior to that, he earned his Master of Pharmacy (M. Pharm) degree in 2012 from the prestigious Sinhgad Institute of Pharmacy, Pune. His dedication to advancing pharmaceutical sciences is evident in his prolific research output, with 18 research papers published in reputed journals to date. His research interests are focused on the synthesis of novel compounds, computer-aided drug design, and investigations into anti-cancer and anti-inflammatory therapies. Through his work, Dr. Dube aims to contribute to the development of innovative solutions to pressing medical challenges, leveraging both experimental and computational approaches. Dr. Pritam N. Dube's academic excellence and research prowess continue to inspire and guide budding pharmacists, making him a distinguished figure in the pharmaceutical sciences community.

**FDP/Conferences/Seminar Attended:**

FDP	Conferences		Seminar	Webinar
	National	International		
09	16	08	16	20

**Publications details:**

Patent	Research Paper		Book Chapter	Proceeding
	National	International		
02	04	18	02	03

### **Area of Research Work:**

1. Synthesis of Novel Compounds
2. Computer-Aided Drug Design (CADD)
3. Anti-Cancer Research
4. Anti-Inflammatory Research
5. Quality control and testing
